Profile

Creative and results-driven Web Developer with a passion for building clean, scalable, and user-focused web applications. Since 2022, I've contributed to frontend development using Vue.js, Nuxt.js, Next.js, and React.js. I thrive in fast-paced teams where efficiency and elegant architecture matter, and I continuously seek out new tools and methods to optimize workflows and elevate user experience.

Professional Experience

FrontEnd Developer   04/2024 – present
JoodLab   Remote

- Developed an advanced e-learning platform comprising an admin dashboard, student portal, and teacher portal using **Vue.js, Shadcn** and **Hono.js**.
- Built multiple **Nuxt.js, Shadcn** websites tailored for hotel booking, integrating CMS-based content for scalable client-side management.
- Delivered **CRM, CMS, and back-office systems**, optimizing business operations through modular and maintainable front-end codebases.
- Created dynamic **Next.js hotel booking applications**, enhancing reservation flows and improving page performance across devices.
- Collaborated using **Plane.com** ⧉ for task tracking and sprint planning in a fast-paced agile environment.
- Collaborated closely with UI/UX teams to implement responsive and intuitive user interfaces with modern JS frameworks.

FrontEnd Developer   08/2022 – 04/2024
NNA Ressources   Tunis, Tunisia

- Built a **Next.js, CSS web application** with a real-time internal messaging system for streamlined team communication.
- Led the development of a **mobile parental control dashboard** using **Expo (React Native)**, with successful deployment to **Google Play Store**, **Apple App Store**, and **Huawei AppGallery**.
- Integrated **Google and Apple login** for seamless cross-platform authentication.
- Automated the app store submission pipeline using **Expo CLI**, improving deployment speed and reliability.

- Used **Jira** to manage agile workflows, sprint planning, and issue tracking across a distributed team.
- Emphasized modular architecture and consistent UI for optimal user experience.

ETUDES ET DIPLÔMES

Bachelor's Degree in Computer Science   09/2018 – 06/2021
Faculty of Sciences of Tunis (FST)   Tunisia

Top Skills

Front-End
Vue.js, Shadcn, Nuxt.js, React.js, Next.js, Astro.js, TypeScript, Tailwind CSS, HTML, CSS

Back-End
Node.js, REST APIs

Tailwindcss

Tools & Platforms
Git, Vite, Jira, Plane.com ⧉ , CMS integrations
